Travel/ Flight Questions

Is it possible to book my own flight?

Yes, but it is your responsibility to meet up with the group on June 4, 2026. If you have flight delays or are unable to meet the group at the scheduled time, travel arrangements and costs associated with meeting up with the group will be your responsibility. You will be sent a contact number one month before the trip in case you need to reach someone while traveling.

Do you have any flying tips for SLU 401?

- If your flight is delayed, or if you have an emergency on the travel date, you can contact our SLU 401 launch team at your designated airport or our Orlando office at (888) 260-2900. You will be emailed your airport contact person's information one month before the trip.
- For sleeping on the flight, try Dramamine, Advil or Tylenol PM, or Benadryl with your doctor's permission.
- Make sure you eat the meal provided by the airlines before you land.

What about possible travel security issues?

Remember that SLU doesn't *send* your child on these trips; we *take* your child. We would never risk your child's safety or our own. We actively watch for updates from the government on security issues or concerns. We are prepared to adjust the schedule as needed. Also, all travelers should consider registering at <https://step.state.gov/step/> through the US Department of State as it allows them to better assist you should an emergency arise either at home or abroad.

Dress Code, Packing Tips, and Money

What type/amount of luggage should I bring?

Bring ONE piece of checked luggage. Although the airline allows two, we don't have room on the bus for more than one per person. Also, in hindsight, many participants wished they had packed a size up on their suitcase, so they had more room for souvenirs. In addition to your large suitcase, you can bring one carry-on / backpack as you will need this for traveling on the bus each day. Pack any medications, toiletries, and a change of clothes in your carry-on in case your luggage arrives later than you do. Go to www.tsa.gov for up-to-date information as this ruling is subject to change.

Why is there a dress code at SLU?

SLU strives to set students up in such a way that they will have the confidence and wisdom to walk into any room whether now or in their future and be prepared for whatever is before them. We believe that how you present yourself is a vital part of that. The dress code is not meant to put a negative light on the students' experience, but to help train each one of them on the importance of dressing modestly and appropriately for whatever situation they are about to walk into.

What is the dress code for 401?

- Usual SLU rules apply and this is your 4th year, so you know by now how to yourself up for success.
- **Dress modestly** – you will be required to wear pants on the day we visit the Meteora Monastery, but outside of that shirts and shorts set you up well for this trip. We will be walking around outside in the sun most of the trip as we dive into Scripture and history so it is simple – wear something that you can do a lot of walking in.
- T-shirts that do not have slogans are great (you never know how your logo or slogan will be interpreted internationally, so it is best for it to have no writing on it at all). **Shirts need at least a cap sleeve (no tank tops)** and to fully cover the front and back of your body.
- Shorts and dresses need to be of modest length.
- **No flip flops or sandals without a back strap** are permitted during SLU 401. There will be LOTS of walking every day in a variety of conditions (climbing over rocks, dusty roads, etc.), so think about the shoes you bring. We recommend a good pair of tennis shoes or hiking sandals with a back strap (like Teva's or Chaco's...but if you get those, make sure you break them in before the trip).
- There will be a pool on the cruise ship that you can enjoy as our schedule allows. Ladies, please pack a modest one-piece bathing suit.
- Pack light! Think in terms of two tops for one bottom. Only take items you truly need. Too much stuff can be a burden on your trip. Pick out what you think you need and cut it in half.
- One night on the cruise we will have an opportunity to dress up for the captain's dinner. Think cruise ship fancy casual. So sun dresses or casual pants and a nice short-sleeved shirt. It is optional to dress it – just a fun option.
- **Those who do not adhere to the dress code will miss out at certain sites as these are the site's rules, not SLU's.**

General Packing Tips:

- Tips from SLU Staffers on what they pack:
 - **Guys:** I generally just get away with packing a mix of shorts and hiking pants for the trip. It is hot, so I make sure everything is breathable. I pack one pair of hiking sandals or tennis shoes. The site that requires everyone to wear pants was in the middle of the day so I packed hiking pants that zip from shorts to pants for that day. One year, I made the mistake of just packing shorts, and I missed out on some great opportunities because of it. Finally, a good hiking hat that covers the back of the neck is a must.
 - **Ladies:** I made it through the trip with packing all calf-length capris and shorts, modest short-sleeved tops, one very cool hiking hat ☺, and one good pair of Chaco's. Then, I also pack one ankle-length skirt (or pants are good too) for the site that did not allow shorts. Plus, while the cruise does not require you to dress up, I had one summer sundress in case I wanted to have something for dinner just for fun.

- You may want to pack one or two extra outfits for dinner on days we have time to freshen up and be aware that some of the dining rooms on the cruise ship won't allow you in shorts.
- Roll your clothes rather than folding them. Many travel experts agree that rolling is superior to folding. Tightly rolled clothes take up less space and are less likely to wrinkle.
- Put a dryer sheet or two in your suitcase. Not only are they very light, they will also keep your clothes smelling fresh.
- It will be hot, hot, and did we say, hot? Hats are a good idea; sunglasses and sunscreen are essential!
- As always, if you are in doubt, don't bring it! You don't want to miss an important occasion or site because of your dress.
- Essentials that **you must pack for the trip**: **sunscreen, a good hat** (have you noticed we mentioned this a couple times), **sunglasses, your Bible** and **pen** – you will be taking lots of notes!
- Small snacks that fit in your bags are great: peanut butter crackers, almonds, and energy bars are really helpful between meals.
- A good book or games for the bus; we have a couple days where we are driving quite a bit.
- The rolls of travel toilet paper can be a lifesaver or just a roll from your house half full (not too big to carry with you). Bathrooms don't always have toilet paper, so always make sure you have toilet paper and hand sanitizer in your bag.
- Pack your sense of adventure! Trying new food, having new experiences, and meeting new friends in Greece is half the fun!

What about changing money, and how much money do we need to bring?

- Money for water is essential – bring at least 120 Euros for drinks, souvenirs, and emergencies. Bottles of water can be purchased on the buses each day for \$1 or 50 cents Euro and our staff usually go through 6-8 bottles a day.
- While credit cards are accepted in most places, some of our shopping will take place at special local venues and booths where you may feel more comfortable using cash instead of credit cards. Also special spending accounts like **Till** are great as they don't charge you foreign transaction fees.
- The currency is the Euro. Money can be changed at your US departure airport (if you have time) at the currency exchange or sometimes at your local bank in the US. It is important to bring some of your money in small bills. You will not get a good deal if people see larger currency.
- You will need Euro coins to use some public bathrooms.

Would you use a debit card overseas?

Typically, our staff does not do this since sometimes banks put a hold on the money in your bank account for a couple of days. Even though some debit cards can be used as a credit card, our staff choose to use "credit card only" cards and only used those for some serious souvenir shopping. Before your departure, be sure to alert your credit card company that you will be using your card overseas. For others, you may choose to bring your debit card to get cash out of the ATM on the trip. Our staff gets cash prior to departure.

Outside of my registration fee, what other expenses should I plan for on this trip?

- **Flight:** If you select one of the designated flight paths provided by SLU (includes specific domestic departure cities), your round-trip international airfare is included in your registration. However, it is your responsibility to arrange transportation to and from this domestic departure city.
- SLU participants will need to contribute a **tip** for our drivers, hotels, restaurants, and guides. All participants should bring an additional **\$80 in cash** for this. Please bring this in US currency and have this ready to be collected upon arrival the first night at the SLU meeting.
- Some **bathroom facilities charge for use**, so you will need some **1 Euros** or change for this as the need arises.
- If you choose to have lunch not on the cruise ship but rather eat while on an excursion, then you will be responsible for the cost of your lunch. We encourage attendees to **plan for 2 to 4 lunches** at their expense.

General Questions

Do I need to bring a medical release form?

- **Groups:** Group leaders must bring a medical release form for any minors attending without a parent/ guardian and always keep them with you during the program. Medical Release forms must empower your group leader (not SLU) to authorize medical treatment for the students you are bringing to the program.
- **Singles:** Any student attending without a chaperone must complete the SLU Medical Release Form during the online registration process.

Is there an emergency contact?

You may contact SLU at 407-248-0300, ext. 20, and a staff member will get the message to us as quickly as possible. We are constantly on the move at 401, and it is difficult to know whether we will have phone service at any given time. You may also leave a message at any of the hotels as shown on the itinerary, and they will contact us in our room or leave a message.

How do you deal with discipline issues?

We are a premier leadership training organization with high expectations for our students. We operate on an honor system. Roommates are to hold each other accountable. Our standard rule is that a breach of conduct results in an immediate phone call to the parent and the student being sent home on the next available flight **at the expense of the parent**. Remember as you are traveling that you represent someone – your group, your family, your country, our Savior. Don't play into the typical tourist stereotype. Make sure you use wisdom in how you carry yourself and set an example.

Are dietary restrictions or food allergies able to be met on 401?

- If you have special dietary restrictions or food allergies, they must be submitted to SLU at the time of registration to ensure our team can serve you well. Please note, that many meals are served buffet style while traveling

internationally. If you have severe allergies where you cannot eat off a buffet, please contact SLU staff before registering so that we can discuss what options may be available for you.

- If something comes up after registration, you can update your registration information up to February 27, 2026 deadline by [clicking here](#). Please be sure to offer specifics on what you cannot eat and what can be substituted.
- We will make every effort to accommodate, but there may be certain times when this is not possible. We strongly recommend that you bring prepared foods or snacks with you that are compliant with your dietary needs since not all dietary restrictions can be accommodated while traveling internationally.

What if I have special medical needs?

SLU is not equipped to provide medical assistance such as injections, etc. Please send a detailed explanation by email to nikki@slulead.com of your medical condition and needs so that we can assess whether we can assist you. **It is the responsibility of the individuals to contact SLU prior to registration concerning any specific medical issues.** Always pack a backup of medications in case one is lost and bring the names of your prescriptions and the doctor's contact information.

Do I need shots or vaccinations?

Typically, you do not need specific vaccinations. However, a Tetanus shot within the last five years is highly recommended.

Do I need to bring any medications?

If you are taking prescription or over-the-counter medications, be sure to pack enough to last your entire trip, as well as a little extra in the event of unexpected delays. Carry each medication in its original container with the label and pack it in your carry-on bag. Traveler's diarrhea and/or upset stomach are the most common conditions for travels. It is recommended to bring Imodium AD and/or chewable Pepto Bismol tablets.

What should I be doing right now to prepare for the trip?

We will send you a "pre-trip" briefing one month before departure, but here is a sneak peek of some things you can be doing in advance to prepare for this great adventure:

- Be prepared! Spiritually, focus on the Great Commandment and pray for a deep love for our Lord and the ability to express who He is.
- Check out our [recommended reading list](#).
- As we will literally be walking through Scripture during the trip, read the book of Acts to focus on the Journeys of Paul (specifically Acts 13-20), the 12 books of History in the Old Testament (Joshua – Esther) and the 4 Gospels in the New Testament (Matthew – John).

What can I expect from SLU prior to the trip?

Approximately two weeks before the trip, you will get the following information via email from us:

- Electronic copy of the SLU 401 Syllabus (you will receive the printed copy once you arrive at SLU 401), updated schedule and travel tips.
- Bus assignment and who will be your SLU staff member onsite for the trip.

You will receive in the mail from our tour partners Signature Tours:

- E Ticket Copy, Schedule, and Hotels
- Name Tag, Luggage Tag, Converter, and some travel goodies.
